

St Croix Therapy

Social Skills Adventure Camp

Come join our St Croix Therapy clinicians as we adventure together to gain new skills and explore opportunities for positive social interaction!

Are you looking for adventure? Do you enjoy exploring new lands? Come spend the summer with us as we adventure through the Great Land of Social! We will spend 4 weeks navigating this vast land, uncovering secrets, and learning the tools we need to be confident explorers ready to take on the next challenge!

Explorers will be divided into two groups based on age and social skills.

Registrants will be notified of which 1 hour session they are in following the May 23rd registration deadline. If for some reason, there is not an appropriate group for your explorer we will contact you and issue a full refund. Parents are asked to arrive at 9:45/10:45 for an update of what skills were covered in the session and how to carry on exploring together at home.
